

# Duffield R.E.A Ltd

## 310-POWR

February 2021

## A NOTE FROM YOUR REA PRESIDENT

The billing rate for electricity for the month of February has been set at \$0.058/KWH

The average rate for electricity charged to members in the year 2020 was \$0.0592/KWH.

Duffield REA members cost of electricity for 2020 was \$76,930.06 less than a comparable Regulated Rate retailer of electricity in the industry. That is an annual saving of about \$132.50 per member.

### **Frequently asked question:**

Why are transmission charges so high?

Simple answer, ask the Alberta Government.

Transmission, Balancing Pool and Rate Rider charges are assessed by the government through the Department of Energy and approved by the Alberta Utilities Commission. These charges are for the cost of operating, building and maintaining electrical infrastructure in Alberta, however does not include the REA distribution system.

Transmission charges, Balancing Pool and Rate Riders are assessed on consumption and range between 14 and 30 percent of an electric bill. All users of electricity are assessed these charges

Unfortunately the REA has no control over these Government assessed charges, we are only the collection vehicle.

## Electric Bills & Meter Reading

Duffield through Blue Mountain Power Co-op has set up a credit card account, now members can pay using a credit card.

To accommodate changes to the billing process, invoices will be sent out later in the month than in the past. The due date on the bills will now become the 16th of the following month

Contractors who are reading the meters have encountered access issues. Members can call 780-967-3340 or 310 EQUUS to arrange access if needed or call in their meter reads by calling 310-POWR (7696).

While reading the meters for Duffield, contractor vehicles will display identification signs as shown:
