A NOTE FROM YOUR REA PRESIDENT

A Note from Your President

The Duffield REA member electricity rate for the month of February is \$0.095/KWH (Contract rate of \$0.12/kwh minus an energy credit of \$0.025).

A new energy contract effective April 1, 2025, will be announced later this month.

The government rate of \$0.12588/kwh started January 1, 2025. This rate is applied to all members without a contract. One cent from each kwh sold will be collected by the government.

Members under the mandatory government rate can **save \$0.03/kwh** on their electricity bill by calling our billing group at 310-POWR (7697) or email dfbilling@bmpower.co-op.

Costs of operating and maintaining the REA distribution system continue to rise, resulting in an increase to the fees charged to members effective January 1, 2025.

On March 27, 2025, the annual general meeting of the Duffield Rural Electrification Association will be held. The board looks forward to meeting with members.
